City of Alpine  
2017 Fiscal Year Proposed Budget  
Management Letter

Honorable Mayor and City Council,

Enclosed is the proposed budget for the fiscal year beginning Oct. 1, 2016, and ending Sept. 30, 2017. The proposed budget, which does not call for a tax rate increase, reflects a continuation of efforts, to maintain an adequate level of services, while improving the quality of public facilities, specifically our City streets repair and rehabilitation.

The survey questions directed to the team in June, coupled with the output from our Budget Workshops, provided some overarching goals that are valuable in the finalization of this year's proposed budget.

I have broken down some thoughts of the major portions of the budget below.

Highlights of the Proposed Budget Include

**Ad Valorem Tax Rate**

The proposed budget leaves the Tax Rate at \$0.5385 per \$100 valuation. Increases in revenue are related to an increase in total assessed values of the properties within City limits. We continue to believe this has been an acceptable approach for our community.

**Five Year Capital Plan**

The capital plan has been updated from the prior year and included in the Council packet. It is also available for the public to peruse. We have a few critical items on the list (primarily the mower for the parks, creek and airport) that we have integrated into the expense budget for this upcoming year. We also have items in our Water/Sewer budget that are targeted for completion this upcoming year.

**Roads-Streets**

Our sealcoat program during the current year, coupled with our project to rebuild 27 blocks, will provide positive results for our community. We are targeting additional sealcoat work with our Public Works team for this upcoming year and believe this will continue to yield a good outcome. Additional revenues to our budgets through the Ad Valorem and Sales Tax rates are primarily focused on increasing our street material purchases.

**Parks Strategy**

Our Parks Board recommended focusing on the three most used City facilities this upcoming year (Kokernot, Baines and Medina Parks). We need to improve the quality of turf on our game fields and work on the overall health of the grass and trees at the parks in general. We continue to see positive impacts from the Friends of Big Bend Parks group and their contributions towards equipment enhancement and replacement. These efforts help the City by keeping our overall costs down in our Parks budget. We are also seeing groups come forward with 'Adopting' the maintenance of some of the less used park spaces in the City.

### **Employee Salaries**

For the upcoming fiscal year we are targeting a 3% raise average for the employee base. We do believe we need to focus on pay rates related to our Utilities team and licensed operators for heavy type equipment. Our strategy this year will be to raise those rates through employee development initiatives and we have budgeted accordingly.

### **Water/Sewer/Sanitation**

While increasing tax rates or utility rates are never enjoyable, the City has not increased the water and sewer rates in seven years. We are proposing a 3% increase in our water rates, a flat rate of \$15.50 for our residential sewer and a 3% increase in the commercial sewer rate. We are targeting the increased revenues to be spent on employee development and asset restoration initiatives (which can be seen identified in the presentation from our second budget workshop). Preventative maintenance can substantially lessen service interruptions, but historically our utility operations have provided little preventive maintenance. To continue as we have in the past will only serve to compound the problems with our water and wastewater systems.

### **Airport**

We completed the crack-seal project at our Airport this current fiscal year and have also started the engineering and design work for the \$3.2M project to rebuild the apron and taxiway D. All efforts are designed to attract additional users and tourists to our facility. The Airport continues to provide necessary services for our residents related to package delivery and medical air evacuation.

### **HOT Fund**

Currently, the distribution of funds targets the following activities:

- Advertising through the major publications in the state and social media strategy - these activities are implemented through the work of Chris Ruggia and Stewart Ramser
- Sponsorship dollars handed out to various events throughout the year - these dollars are requested to focus on advertising of the actual events or definitive activities to bring in tourists
- Visitor Center Support - RFP (Request for Proposal) has been advertised to enable a longer term solution for this critical activity.
- Support of the Arts - The fund can also allocate up to 15% of it's dollars in support of the Arts (ie - Museum of the Big Bend)
- We did spend \$84K this year on Phase 1 of the updates to our Civic Center and believe we will need an additional \$80K to complete Phase 2.

### **Final Thoughts**

In conclusion, the team has put a lot of effort into the preparation of this year's proposed budget and we look forward to working with Council through the public hearing and approval process.

Sincerest Regards,  
Erik Zimmer  
City Manager
