CITY SECRETARY BY

City of Alpine Fiscal Year 2017-2018 Proposed BUDGET

This budget will raise more total property taxes than last year's budget by \$108,340 or 6.15 %, and of that amount \$15,123 is tax revenue to be raised from new property added to the tax roll this year.

Property Tax Rate Comparison:

	<u>FY2016-2017</u>	<u>FY2017-2018</u>
Property Tax Rate:	0.538500/\$100	0.534970/\$100
Effective Tax Rate:	0.513800/\$100	0.500000/\$100
Effective Maintenance & Operations Tax Rate:	0.452289/\$100	0.472097/\$100
Rollback Tax Rate:	0.581400/\$100	0.560000/\$100
Debt Rate:	0.086211/\$100	0.062873/\$100

Total debt obligation for City of Alpine FY2017-2018 Budget secured by property taxes: \$215,316.

City of Alpine
2018 Fiscal Year Proposed Budget
Management Letter

Honorable Mayor and City Council,

Enclosed is the proposed budget for the fiscal year beginning Oct. 1, 2017, and ending Sept. 30, 2018. The proposed budget which does not call for a tax rate increase, reflects a continuation of efforts to maintain an adequate level of services, while improving the quality of public facilities, specifically our City streets repair and rehabilitation.

The survey questions directed to the team in June, coupled with the output from our Budget Workshops, provided some overarching goals that are valuable in the finalization of this year's proposed budget.

I have broken down some thoughts of the major portions of the budget below.

Highlights of the Proposed Budget Include

Ad Valorem Tax Rate

The proposed budget reduces the Tax Rate to \$0.534970 per \$100 valuation. Because of property assessment increases coupled with new additions of property, it was necessary for the City to reduce the tax rate amount in order to stay beneath 8% increase in revenues. The City has worked diligently over the last several years to maintain or lower the tax rate, while allowing nominal increases in tax revenues be a result of in the increased valuations or increased properties on the tax rolls. We continue to believe this has been an acceptable approach for our community.

Five Year Capital Plan

The capital plan has been updated from the prior year and included in the Council packet. It is also available for the public peruse. We continue to integrate core asset needs into the expense budget and try to eliminate the need of taking on additional debt. We also have items in our Water/Sewer budget that are targeted for completion this upcoming year. Fortunately, we were also able to put \$750K in reserve this past year to deliver on the future capital needs.

Roads-Streets

Our sealcoat program during the current year, coupled with our continued projects to rebuild streets with an outside vendor have been providing positive traction. We are targeting additional sealcoat work with our Public Works team for this upcoming year along with a greater focus on pothole patching. Additional revenues to our budgets through the Ad Valorem and Sales Tax rates continue to be directed towards street material purchases.

Employee Salaries

For the upcoming fiscal year we are targeting a 3% raise average for the employee base. Our continued strategy this year will be to also raise those rates through employee development initiatives and we have budgeted accordingly. One of the largest issues the City faces (both as an employer and community as a whole) is the development of good qualified applica pools of persons ready and willing to take on longer term employment. We routinely hear that from employers in town and

will continue to work back with AISD and SRSU on programs to help satiate these needs.

Water/Sewer/Sanitation

Preventative maintenance programs on key equipment has been a focus through our expense spending this past year. Preventative maintenance can substantially lessen service interruptions, which allows our employees to focus on build and proactive work projects. Our theme in the WSS budget this year is to continue to allocate dollars towards those needs and ensure we are increasing reliability in the future.

Airport

We continue to work on the engineering and design work for the \$3.2M project to rebuild the apron and taxiway D. We have not budgeted the equity transfer from the Gas Department in this proposed budget. Once the final dollar amounts are firming up from TxDOT (sometime in 2018), the City will be able to complete an amendment and give the go-ahead for the final phases of the work.

All other efforts are designed to attract additional users and tourists to our facility. The Airport continues to provide necessary services for our residents related to package delivery and medical air evacuation.

HOT Fund

Currently, the distribution of funds targets the following activities:

- Advertising through the major publications in the state and social media strategy - these activities are implemented through the work of Chris Ruggia and Stewart Ramser
- Sponsorship dollars handed out to various events throughout the year - these dollars are requested to focus on advertising of the actual events or definitive activities to bring in tourists
- Visitor Center Support - Currently being run by the City.
- Support of the Arts - The fund can also allocate up to 15% of its' dollars in support of the Arts (ie - Museum of the Big Bend)

We are proposing a \$700K revenue budget this year as Tourism continues to exceed expectations in our community. We are looking for new events to fill in on slower weekends and give people additional reasons to visit Alpine. We also believe an additional hotel in the downtown area will grow visits and visibility to the community.

Final Thoughts

In conclusion, the team has put a lot of effort into the preparation of this year's proposed budget and we look forward to working with Council through the public hearing and approval process. I have enjoyed my tenure with the City and know our new City Manager will have a great handoff to continue the work in front of the community.

Sincerest Regards,

Erik Zimmer
City Manager

FY 2017-2018
PROPOSED BUDGET

5 YEAR CAPITAL PLAN

	Item	Fiscal Year	Amount	Priority	Funding Strategy	Notes
Airport	Reconstruct and mark apron and taxiway along runway 19	2018-19	\$3,000,000	1	TxDOT Aviation - \$2,700K, Local \$300K	We need to contemplate doing an equity transfer from Gas Department fund to reserve the remaining balance for the City of Alpine portion of this project.
Airport	Tractor/Mower	2018	\$25,000	2	Annual operating budget	Write-up in supplemental material
Airport	Fuel Truck	2019-20	\$100K-\$200K	2	Auctions, increased fuel prices	Write-up in supplemental material
Public Works - Parks	Kokernot Pool - Convert toddler pool to a Vortex/Splashpad type solution	2019	\$68,000	3	Grants	Needed upgrade to provide Family usage. Friends of Big Bend Parks has received quotes and is looking to assimilate the monies through fundraising
Public Works - Streets	2 New dump trucks	2018	\$150,000	1	Existing dump trucks are coming to end of life and would need to consider as part of paving budget.	
Public Works - Streets	Street Signs to convert Yields to Stops	2018	\$4,900	1	Would look to pay for materials/supplies	If Council determines they want to change the all the Yields to Stops, this would need to be included.
City Administration	Visitor Center Parking Expansion	2018	\$70,000	1	Target funding through HOT Fund	Expand parking to the south and to the east of the Visitor Center to encourage use and availability of parking.
City Administration - Finance	Cloud based billing system	2018	\$6,000	1	Through Funds 04 and 08	Write-Up in supplemental material
Code Enforcement	Software for Permitting - to include online incorporation	2018	\$5,000	3	General Fund	Received costs from Vendor this year for system to help Code Enforcement better cross reference history on properties.
Police	Replace two patrol vehicles	2018	\$104,000	2	General fund - through lease program	Best option from a cost perspective would be to further implement the lease program through Enterprise.
Police	Five (5) In-Car mobile data computer systems	2018	\$31,000	2	Target funding through grants	Write-up in supplemental material

Police	Five (5) mobile radar speed detection units	2018	\$17,500	2	Target funding through grants	Write-up in supplemental material
Animal Control	Replace two work vehicles	2018	\$60,000	2	General fund - through lease program	Best option from a cost perspective would be to further implement the lease program through Enterprise.
Animal Control	Outside Canopy	2018	\$10,000	2	Target funding through annual operating budget	Write-up in supplemental material
Animal Control	Replace two (2) computer systems	2018	\$1,500	2	Through general fund	Existing systems are obsolete
Utilities	Fire Hydrant additions	2018	\$20,000	1	Target funding through annual operating budget	
Utilities	Manhole additions and Sewer Line replacements	2018-2022	\$250K-\$500K	1	Target funding through annual operating budget and reserve dollars	Write-up in supplemental material
Utilities	Water line replacement program	2018-2022	\$250K-\$500K	1	Target funding through annual operating budget and reserve dollars	Write-up in supplemental material
Utilities	Refurbish two inactive wells at Musquiez	2018	\$190,000	1	Categorize with other large ticket items to determine if we need to obtain debt financing for critical items and impact of debt service on overall operating budget.	
Utilities	Camera for sewer and water pipe field detection	2018	\$40,000	1	Utilize budgeting through operating budget	
Utilities	New SCADA system - Ignition	2018	\$39K-\$50K	1		
Utilities	Meter read vehicle - Kubota type machine	2018	\$19,000	2		
Utilities	Step Screen	2018	\$30K-\$50K	1	Fund 04	Write-up in supplemental material
Utilities	Service Program - Pump Stations	2018	\$40K-\$52K	1	Fund 04	Write-up in supplemental material. Although this is not a Capital item, it generally needs added visibility due to the importance of the work.
Utilities	Sludge Belt-Press	2018	\$100K-\$200K	1	Fund 04	Write-up in supplemental material
Utilities	Lift Station Repair and Replace	2019-2020	\$50K-\$200K	1	Fund 04	Write-up in supplemental material
Utilities	Addition/Replacement of Musquiez Line	2020-2021	\$5M-\$15M	2	Fund 04	Write-up in supplemental material

Gas	Ditch Witch (RT55H, AT30, FX30)	2018- 19	\$35,000	3	Target funding through annual operating budget	
Gas	Enclosure for Bays	2018	\$5,500	2	Try to accomplish in this years budget	
Gas	Low Profile Gooseneck Trailer	2018	\$20,000	2	Annual operating budget	

FY 2017 - 2018 Capital Assets

Airport

- Airport Taxiway and Apron improvements-\$3,000,000-City Portion \$300,000 (2016-2018)- TXDOT Aviation (90%) City of Alpine (10%)- Continue to set aside the City's portion of funding for project. Project includes the design, engineering, and rebuild of the taxiway and apron. Funding possibilities - auctions or equity transfer
- Tractor/Mower - \$25,000 (2018) - current tractor/mower is over 30 years old and continues to break down. Equipment is utilized to keep in compliance with Federal guidelines and grant assurances. Safety zones must be maintained to their requirements. Mower is also utilized to maintain the fence line, which is an asset to the airport. Funding possibilities - annual airport budget
- Fuel Truck - \$ 100,000 - \$200,000 (2019-2020) - current fuel truck is over 60 years old. Maintenance on the vehicle has become harder as parts are harder to find. Currently the airport utilizes the truck to fill larger plans who are unable to maneuver close to the fuel farm. The fuel truck allows for the airport to provide full service to customers. Funding possibilities - auctions, increased fuelsales/prices

General Administration To Support Utilities

- Cloud Based Services for Utility Billing Systems - \$ 6,000 (2018) - Move both utility billing systems to a cloud based service offered by the billing software we currently use. Will allow for the removal and up keep of current servers. Updates to system will be performed by software company. Cloud based services will allow for the continued movement to one billing system. Additional monthly maintenance fee to be budget annually. Funding possibilities - annual budget - split between both utilities.

Police Department

- Replace two (2) fully equipped police package patrol vehicle at \$52,000 each. The current fleet of vehicles consists mainly of used vehicles purchased by the department with the exception of one new vehicle purchased in 2017. Repair costs for these vehicles continues to remain high and much time is spent with these cars in the mechanic shop for repairs.
- Replace five (5) in-car mobile data computer systems at police department at \$6,200 each. A recent grant allowed the department to replace six of the mobile data computer systems. Three systems remain in need of replacement as they were acquired as used from another law enforcement agency several years ago and are in need of repair.
- Replace five (5) mobile radar speed detection units at \$3,500 each. In replacing several fleet vehicles in recent years, many of the mobile radar speed detection units have already been replaced. Currently there are two patrol vehicles in which their respective mobile radar speed detection units are non-functioning and in need of replacement.

Animal Services

- Replace two (2) fully equipped for F150 2WD Crew Cab work truck at \$30,000 each. The current fleet of vehicles consists of older and well-used vehicles including a 2006 Ford F150 purchased by the department as a used vehicle from another law enforcement agency and spends much of the time in the mechanic shop for repairs. Repair costs for these vehicles continues to remain high.
- Metal canopy covering for outside kennel area at approximately \$10,000. Outside kennels need cover to protect animals from the outside elements.
- Replace two (2) computer systems at animal shelter at \$750.00 each. Current computers are obsolete and in need of replacement with laptop versions for portability.

Utilities

- Over the past several months we have had many issues with the current SCADA system that we are currently using, the system is called Wonderware that was installed several years ago. The system had given us problems for quite a while but now we are experiencing more and more issues. The company that installed this system is a one-man operation from the Fort Worth Dallas area and he is very hard to pin down and have him come out to do any work, he has tried to remotely work on some issues but he has not had much luck. I would like to recommend that we change this system out with a new SCADA system called Ignition, this system has many and many years of potential for the City of Alpine. This can also be incorporated with many other departments within the city such as airport, police, remote cameras that can be installed throughout the city, we can have the ability to monitor and control many items that we are doing daily. The potential for ignition is way beyond anything that we can grasp now. I believe we can fund this from the water-sewer checking account for a price of \$38,281.00 and in the future, we can budget yearly for any additions that we may see that we need. I believe that this will pay for itself over a short period of time simply due to this will use a cellular signal so there will be no need to purchase radios and antennas on a regular basis plus the water that is wasted when the tanks overflow because we lost signal from the pumps or wells caused by lightning or storms in the area. Estimated Cost - \$39,000-\$50,000
- 2016-2017 Step Screen - Bar Screen for the Water Reclamation Facility, this should be installed at the headworks of the plant to replace the existing manual screen. The current screen in ¾" grates which allows many solids to pass through and get caught up in the RAS Pumps and the clarifiers-weirs which in turn causes for the downtime to clean and repair the pumps, this down time affects the quality of the water that is both released or pumped to the golf course this can cause fines or other implications handed down from TCEQ. Estimated Cost: \$30,000-\$50,000
- 2016-2017 A service program should be implemented for the pumps stations and designated pumps at the Water Reclamation Facility, these pumps are very critical for day to day operations of the City's water and wastewater. If we should have a pump station failure we could very easily find the city in a no water situation which in

turn will result in a boil water notice. We could also think about a watering schedule to be implemented to help in conserving water throughout the city. With the proper service plan, we can easily pay for the annual cost with the prevention of one major breakdown. Estimated Cost:

\$40,000-\$ 52,000

- 2017-2018 Sewer line remediation and installation of manholes throughout the collection system, this will allow the employees access to the collection system so that main scan be cleared of blockages in a timely manner without having to excavate to find an entry point (when one should have been installed to begin with.) Estimated Cost: \$250,000-\$500,000
- 2017-2018 Sludge Belt Press. This piece of equipment is used to dewater sludge generated by the water reclamation facility which currently we are contracting trinity Services to perform this service for us, the existing drying beds located at the facility are close to 40 plus years old they are not designed to be used this long and this type of drying bed has not been used in 15-plus years. A belt press will dry the sludge in a matter of minutes to where drying beds can take as long as six weeks depending on the weather conditions. With this piece of equipment installed this will allow the employees to concentrate on other aspects of the treatment process to maintain all TCEQ regulations. Estimated Cost: \$100,000-\$200,000
- 2018-2019 Water line replacement Program. This project will target certain areas of Alpines water system that will allow for proper sizing and proper valves to be installed throughout the city which would save on labor cost, water loss and daily water service to the customer, currently when we have a leak we cannot close the water off to repair the leak in a timely manner resulting in excessive labor cost. With the correct line sizes and valves this will minimize disruptions to a minimum throughout the city. Estimated Cost: \$250,000-\$500,000
- 2019-2020 Lift Station repair/replace. The City of Alpine existing will have to be to have both wet well and pump replacement. Currently we have 2 lift stations that will have to be brought up to TCEQ standards with both Fencing and pumping specifications. Both the Holiday Inn lift station and Murphy street lift station are not properly fenced to prevent vandals. This can be incorporated with the pump repair or replacement to give access for vendors to be able to pull the pumps for repair or replacement. Estimated Cost:\$ 50,000-\$200,000
- 2020-2021 Addition or replacement of Musquiz 12 inch Water line of Approximately 50,000 feet of 12 inch C-900 PVC pipe. All of the existing lines were not installed properly which in tum has caused many leaks and pipe breaks that require many man hour, supplies and equipment. If the lines had been installed in the proper way this would extend the life out to 25-35 years and maybe more. The Musquiz line is where most of the City of Alpine receives its water from. When we have, line breaks this restricts the capability for the water system to maintain all tank levels which will cause water pressure issues up to no water. With the installation of a parallel line this would give the City the option to use the other line in case of a break which would allow the water system to keep operating at normal operation. Estimated Cost: \$5,000,000-\$15,000,000.
- Meter Reader Vehicle : Currently the meter reader is driving a¾ ton 4-wheel drive pickup

that is in need of several repairs, I believe we can save a good bit of money by purchasing an ATV type (Kubota) vehicle that would be more fuel efficient and allow the meter reader better access to alleys and other tight spots that they have to get to on a monthly basis. When we go totally to an AMR system the unit can be used in many other ways throughout the public works this can be used for spraying herbicides, hauling safety signs for water leaks, traffic control for paving etc. The current price for this unit will be between \$17,000 and \$20,000. This is much cheaper than purchasing a new full size vehicle and frees up a place in the lease program to utilize in another department if needed. This unit would be fully cabled and street legal. My recommendation is to replace the Ford F-250 4x4 with this type of unit. The old unit can still be utilized in the Water Dept. as needed.
